

## CANCELLATION & REFUND POLICY

The student has the right to cancel and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. The institution shall advise each student to give a notice of cancellation **in writing** as soon as he/she decides to withdraw from the program at CalCC.

- If students cancel their enrollment or give notice of withdrawal to CalCC or CalCC terminates the student, the refund must be calculated using the last date of attendance (LDA) and must be paid within forty-five (45) calendar days from the documented date of determination (DOD). The date of determination is the date the student gives written notice of withdrawal to the institution or the date the institution terminates the student.

If a student fails to inform the school of his/her decision to drop out from the program and he/she is absent for **30 consecutive days** of class, CalCC has the right to withdraw him/her and automatically terminate the student. In these cases, this definitive time frame would determine clearly the student's Date of Determination (DOD).
